# CHILD SAFE STANDARDS - STANDARD TWO

## ***Strategies to embed child safety and wellbeing in organisational leadership, governance and culture.***

The Brentwood Park Primary School Council and staff share overall responsibility for ensuring a culture of child safety is embedded at the school.

The diverse needs of children in the school are to be recognised. It is important that our school is inclusive and culturally safe places for children and parents. Younger children, children with a disability, indigenous children and those other children from culturally diverse backgrounds may require greater levels of support and consideration.

- Include child safety as a standing item on the Staff, PLT and School Council meeting agendas.
- Key people in the school are allocated to undertake child safety roles and responsibilities. See School Child Safety Officer Role and Responsibilities below. Jenny Reid is the Child Safety Officer.
- Communicate the school's stand on Child Safety that informs all people in the school community of the school's Child Safe Policy based on Ministerial Order 870. Communicate broadly and with a mix of tools: website, Foundation handbook, staff meetings, as induction process documents maintained in the Learning and Teaching Folder.

### Leadership in a child safe environment

Working with children can be very rewarding and it brings additional responsibilities. Brentwood Park Primary School will protect children from abuse and build an environment where children feel respected, valued and encouraged to reach their full potential.

Child Safe Officer (Jenny Reid) has the responsibility of working with School Council and staff to build and maintain a culture of transparency, inclusiveness and awareness. Children and adults will know what to do if they observe or are subjected to abuse or inappropriate behaviour. Key responsibilities of the Child Safe leader include:

- acting as a source of support, advice and expertise to School Council, staff, students and parents.
- liaising with the principal and other school leaders to ensure a collaborative, transparent and unified approach to child safety.
- leading the development of the school's child safe culture including being a child safe champion and providing coordination in communicating, implementing, monitoring, enhancing and reporting on strategies to embed a culture of child safety.

### Governance in a child safe environment

Overall, School Council has the responsibility for ensuring the safety and wellbeing of children in our school. The school's policies, events, activities and management practices will take into account the Child Safe standards.

### Raising awareness across the school including staff, students and teachers and others who come into contact with children in the school

- Ensure the school's policies are known and used appropriately.
- Ensure the school actions are reviewed as to the effectiveness of the strategies put into place and to revise accordingly.
- Ensure the school's *Child Safety Policy* is reviewed in the context of school self-evaluation undertaken as part of the school accountability framework. This being incorporated into the Annual Implementation Plan, Strategic Plan and the four yearly review process.
- Conduct regular briefing sessions for school staff members to ensure a high degree of awareness of the standards and the school's *Child Safe Policy*.
- Ensure the *Child Safety Responding and Reporting Obligations Policy and Procedures (Mandatory Reporting)* is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school. The policy will be published on the school's website, newsletter and be included in the Foundation Transition Booklet.

- Encourage, amongst staff, a culture of listening to children and taking account of their wishes and feelings in any measures to protect them. Daily whole school *Emotional Check In Program* provides a pathway.
- Work with teachers to include, where appropriate, the inclusion of teaching points into curriculum programs i.e. cyber safety programs, health and wellbeing related programs (*You Can Do it! and Respectful Relationships Programs*) to build a culture of pro-activity and healthy relationships.

#### Identifying and analysing risk of abuse

Brentwood Park Primary School will adopt an approach to prevent, detect and respond to child abuse risks. This includes a risk management strategy and policy (*BPPS Child Safe Standards Risk Register and Risk In Planning and School Operations Policy*) that sets out how our school identifies, assesses and takes steps to reduce or remove child abuse risks.

#### In its commitment to Child Safety Standards, Brentwood Park Primary School has:

- Developed a Child Safe policy.
  - This child safe policy outlines our commitment to promoting children’s wellbeing and protecting children from abuse.
- Developed a Code of Conduct
  - Brentwood Park Primary School has a code of conduct which specifies the standards of conduct and care required when working and interacting with children. Teachers are regulated by the Victorian Institute of Teaching (VIT) under the Victorian Teaching Profession Code of Conduct.
- Completed the *Child Safe Standards Risk Register Risk In Planning and School Operations Policy*

While teachers can be friendly with students, parents and communities their relationship must always remain professional and should never be on a personal footing. It is important for teachers to consider the consequences of their actions. The world of social media can seriously damage reputations and propel bullying to new levels. Even with security settings in place, issues may still arise.

#### Employ suitable employees and volunteers

Brentwood Park Primary School takes all reasonable steps to ensure that it engages the most suitable and appropriate people to work with children. Alongside the Department of Education (DoE) recruitment processes, it will ensure it includes:

- Selection criteria in job descriptions
- Police record and identity checks
- Working with Children Checks, where required
- Face-to-face interviews
- Detailed reference checks from previous employers, including from the applicant’s most recent line manager.

#### Supported, trained, supervised and enhanced performance

Brentwood Park Primary School ensures that volunteers and employees who work with children have ongoing supervision, support and training so that their performance is developed and enhanced to help protect children from abuse. In particular, the principal and leadership team understand their responsibilities.

#### Information Sharing

When sharing information under the information sharing schemes:

- work to build trust by being open and transparent about information sharing and keep the child and family informed each time their information is shared if it is appropriate, safe, and reasonable to do so

## **Strategies to empower children and young people about their rights, participate in decisions affecting them and are taken seriously**

Whole School approach to implementing Respectful Relationships program.

### Continue empowerment programs:

- be safe and not harmed by anyone.

Teach students practical protective strategies, including:

- what to do when they feel unsafe.
- phrases they can use to raise an objection-No Go Tell.
- online safety behaviours.
- identify trusted adults and friends they can talk to about a concern at school, at home or in the community. -hand symbol (five trusted people) .
- discuss healthy boundaries for friendships. Point out that the risk of harm can occur in child-to-child interactions, as well as adult-to-child interactions.

Demonstrate that the school takes students seriously by acting on their concerns, noting that what might seem unimportant to an adult may be important to a young person.

## ***Strategies to ensure that processes for complaints and concerns are child focused.***

### Develop complaints processes to be child-centred and empowering

- Child Safety Responding and Reporting Obligations Policy and Procedures reviewed every two years to promote the school's commitment to child safety.
- The complaints process is child-centred and empowering through Respectful Relationships program:
- Encouraging students to raise concerns with a trusted adult if anything makes them feel uncomfortable or unsafe. Each year reinforcement of NO,GO, TELL slogan
- Facilitating student discussions about what would help them speak up when they have concerns. Let students know that they can make a complaint about any kind of harm, perpetrated at school, outside school, by an adult or by other children, including bullying or cyberbullying and all forms of abuse.
- Complaints are received thoughtfully, taking care to validate students' experiences – what may seem small to an adult might not be to a child.
- Complaint handling systems and processes are confidential, and that only authorised staff can access complaint records.

### Encourage students to raise concerns with a trusted adult if anything makes them feel uncomfortable or unsafe

- Child Safety Officer, Jenny Reid, Mel Dennis Student Wellbeing Leader and principal class officers can be approached to raise concerns.
- Students develop the skills to make complaints and raise concerns by implementing the whole school approach to Respectful Relationships.
- The PROTECT poster is displayed in each classroom.

### Be transparent and open about the steps in the complaints process

- Students, families, staff, and volunteers can access and understand the complaints process as the Complaints Policy in the newsletter annually and on the school website and physical copies available from the school.
- The PROTECT Four Critical Actions poster is displayed in the staff room.
- Ensuring staff and volunteers understand the complaints policy, the Four Critical Actions, failure to report and failure to protect offences, grooming, child abuse and family violence, mandatory reporting, and their roles in the process. Outline the responsibilities school leaders have to act on complaints and concerns related to child safety and wellbeing, including the responsibilities of the Child Safety Officer.
- Set out actions when the complaint is about a staff member, volunteer, parent, or another adult in line with protection authorities and other government agencies or regulatory bodies in line with PROTECT Identifying and Responding to All Forms of Abuse.
- Refer to the National Office for Child Safety Complaint Handling Guide for processes.

### Support staff and volunteers to participate in building a child-focused environment

- Recordkeeping, information sharing, privacy, and employment law obligations are in line with department guidelines.
- Staff and volunteers are trained to recognise the different ways students express concerns or distress, such as changing their behaviours or demeanour.
- Staff are encouraged to maintain an approachable, professional standard to help students feel confident and supported to raise issues at any time.
- Staff and volunteers are trained in the complaints policy, the Four Critical Actions, failure to report and failure to protect offences, grooming, child abuse and family violence, mandatory reporting and their roles in the process.

# CHILD SAFE STANDARDS - STANDARD EIGHT

***Strategies to ensure that staff and volunteers are equipped with the knowledge, skills and awareness to keep children and young people safe through ongoing education and training.***

Responding to allegations of suspected child abuse:

At Brentwood Park Primary School, procedures for responding to allegations of child abuse apply to allegations or disclosures of child abuse made in relation to a child, by school staff, visitors or any other person connected to our school environment. Whether a school staff member, visitor, maintenance person, contract staff member etc., each adult has a duty to take reasonable steps to protect children under their care and/or supervision from harm that is reasonably foreseeable (this applies to ALL persons connected to the school environment).

The question of what constitutes “reasonable steps” will depend on the individual circumstances of each case. In relation to suspected child abuse, reasonable steps may include (but are not necessarily limited to):

- acting on concerns and suspicions of abuse as soon as practicable .
- seeking appropriate advice or consulting with other professionals or agencies when the school staff member is unsure of what steps to take. It is particularly important for visitors and/or others associated with the school, such as contractors, maintenance personnel etc., to seek out school personnel who can assist and advise regarding further steps that need to be taken.
- reporting the suspected child abuse to appropriate authorities, such as the Victoria Police and DFFH Child Protection.
- arranging counselling and/or other appropriate welfare support for the child providing on-going support to the child. This may include attending FFH Child Protection Case Planning meetings, and convening regular Student Support Group meetings.
- sharing information with other school-based staff who will also be responsible for monitoring and providing on-going support to the child.

Different types of abuse and recognising the possible physical and behavioural indicators of:

- physical abuse.
- sexual abuse.
- grooming.
- emotional or physiological harm.
- Neglect.
- family violence.

When identifying child abuse, it is critical to remember that:

- the trauma associated with child abuse can significantly impact upon the wellbeing and development of a child.
- all concerns about the safety and wellbeing of a child, or the conduct of a staff member, contractor or volunteer must be acted upon as soon as practicable.

What is physical child abuse?

Physical child abuse can consist of any non-accidental infliction of physical violence on a child by any person. Examples of physical abuse may include beating, shaking or burning, assault with implements and female genital mutilation (FGM).

#### What is grooming?

Grooming is when a person engages in predatory conduct to prepare a child for sexual activity at a later time. Grooming can include communicating and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent/carer. Sometimes it is hard to see when someone is being groomed until after they have been sexually abused, because some grooming behaviour can look like "normal" caring behaviour.

#### What is online grooming?

Online grooming is a criminal offence and occurs when an adult uses electronic communication (including social media) in a predatory fashion to try to lower a child's inhibitions, or heighten their curiosity regarding sex, with the aim of eventually meeting them in person for the purposes of sexual activity. This can include online chats, sexting, and other interactions.

#### BEHAVIOURAL indicators that a child may be subject to grooming include (but are not limited to):

- developing an unusually close connection with an older person.
- displaying mood changes (hyperactive, secretive, hostile, aggressive, impatient, resentful, anxious, withdrawn, depressed).
- using street/different language; copying the way the new 'friend' may speak; talking about the new 'friend' who does not belong to his/ her normal social circle.
- possessing jewellery, clothing or expensive items given by the 'friend.'
- possessing large amounts of money which s/he cannot account for.
- using a new mobile phone (given by the 'friend') excessively to make calls, videos or send text messages.
- being excessively secretive about their use of communications technologies, including social media.
- frequently staying out overnight, especially if the relationship is with an older person.
- being dishonest about where they've been and whom they've been with.
- using drugs; physical evidence includes spoons, silver foil, 'tabs', 'rocks.'
- assuming a new name; being in possession of a false ID, stolen passport or driver's license provided by the 'friend' to avoid detection.
- being picked up in a car by the 'friend' from home/school or 'down the street'.

#### What is emotional abuse?

Emotional child abuse occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence. It also includes hostility, derogatory name-calling and put-downs, and persistent coldness from a person to the extent that the child suffers, or is likely to suffer, emotional or psychological harm to their physical or developmental health. Emotional abuse may occur with or without other forms of abuse.

#### PHYSICAL indicators of emotional abuse include (but are not limited to):

- speech disorders such as language delay, stuttering or selectively being mute (only speaking with certain people or in certain situations).
- delays in emotional, mental or physical development.

#### BEHAVIOURAL indicators of emotional abuse include (but are not limited to):

- overly compliant, passive and undemanding behaviour.
- extremely demanding, aggressive and attention-seeking behaviour or anti-social and destructive behaviour.

- behaviours that are not age-appropriate, e.g. overly adult, or overly infantile.
- fear of failure, overly high standards, and excessive neatness.
- poor social and interpersonal skills.
- violent drawings or writing.

- lack of positive social contact with other children.

### What is neglect?

Neglect includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health or physical development of the child is significantly impaired or placed at serious risk.

In some circumstances the neglect of a child:

- can place the child's immediate safety and development at serious risk.
- may not immediately compromise the safety of the child but is likely to result in longer term cumulative harm.

### PHYSICAL indicators of neglect include (but are not limited to):

- appearing consistently dirty and unwashed.
- being consistently inappropriately dressed for weather conditions.
- being at risk of injury or harm due to consistent lack of adequate supervision from parents.
- being consistently hungry, tired and listless.
- having unattended health problems and lack of routine medical care.
- having inadequate shelter and unsafe or unsanitary conditions.

### BEHAVIOURAL indicators of neglect include (but are not limited to):

- gorging when food is available or inability to eat when extremely hungry .
- begging for or stealing food.
- appearing withdrawn, listless, pale and weak.
- aggressive behaviour, irritability.
- involvement in criminal activity.
- little positive interaction with parent, carer or guardian.
- poor socialising habits.
- excessive friendliness towards strangers.
- indiscriminate acts of affection.
- poor, irregular or non-attendance at school.
- staying at school for long hours and refusing or being reluctant to go home.
- self-destructive behaviour.
- taking on an adult role of caring for parent.

There are many indicators of child abuse and neglect. The presence of a single indicator, or even several indicators, does not prove that abuse or neglect has occurred. However, the repeated occurrence of an indicator, or the occurrence of several indicators together, should alert teachers to the possibility of child abuse and neglect.

### What is family violence?

Family violence can include physical violence or threats, verbal abuse, emotional and physical abuse, sexual abuse and financial and social abuse.

A child's exposure to family violence constitutes child abuse. This exposure can be very harmful and may result in long-term physical, psychological and emotional trauma. Action must be taken to protect the child, and to mitigate or limit their trauma.

### PHYSICAL indicators of family violence include (but are not limited to):

- speech disorders.
- delays in physical development.
- failure to thrive (without an organic cause).
- bruises, cuts or welts on facial areas, and other parts of the body including back, bottom, legs, arms and inner thighs.

- any bruises or welts (old or new) in unusual configurations, or those that look like the object used to make the injury (such as fingerprints, handprints, buckles, iron or teeth).
- internal injuries.

BEHAVIOURAL indicators of family violence include (but are not limited to):

- violent/aggressive behaviour and language.
- depression and anxiety and suicidal thoughts.
- appearing nervous and withdrawn, including wariness of adults.
- difficulty adjusting to change.
- psychosomatic illness..
- bedwetting and sleeping disorders.
- 'acting out', such as cruelty to animals
- extremely demanding, attention-seeking behaviour.
- participating in dangerous risk-taking behaviours to impress peers.
- overly compliant, shy, withdrawn, passive and uncommunicative behaviour.
- taking on a caretaker role prematurely, trying to protect other family members.
- embarrassment about family.
- demonstrated fear of parents, carers or guardians, and of going home.
- disengagement from school and/or poor academic outcomes.
- parent-child conflict.

For older children and young people indicators can also include:

- moving away/running away from home.
- entering a relationship early to escape the family home.
- experiencing violence in their own dating relationships.
- involvement in criminal activity.
- alcohol and substance abuse.

How should an adult respond and what should they do?

If physical and/or behavioural indicators leads to a suspicion that a child has or is being abused, or is at risk of abuse, then you must respond as soon as practicable by following the Four Steps (described below).

Responding to Incidents, Disclosures or Suspicions of Child Abuse

If you believe that a student is not being abused, but you still hold concerns for their safety or wellbeing, refer to advice about Responding to Other Concerns About the Wellbeing of a Child (see below) to determine who to consult with, when to make a report and when to engage other wellbeing professionals. Regardless of the suspected cause, all concerns about the wellbeing of a child should be taken seriously and acted upon. This includes concerns about the wellbeing of a child, which do not appear to be the result of abuse.

You should refer your concerns to Jenny Reid (Child Safety Officer) and a referral to Child FIRST may be made if:

- you have a significant concern for a child's wellbeing.
- your concerns have a low-to-moderate impact on the child.
- the child's immediate safety is not compromised.
- Jenny Reid, Child Safety Officer has discussed the referral with the family, and they are supportive of the referral.

The school (via Child Safety Officer or Jim Bell, Jo Doran) must contact Victoria Police if:

- there is any concern for a child's immediate safety and/or a child is partaking in any risk-taking activity that is illegal and extreme in nature or poses a high risk to the child.

The school (via Child Safety Officer or Jim Bell, Jo Doran) will contact DFFH Child Protection if:

- after consideration of all of available information you form a view that the child is in need of protection you believe that the child's parent/carers will not be open to support from family services to address their child's

wellbeing.

If you are unsure whether to take action, or what action to take you should discuss this with Jenny Reid, Child Safety Officer) or Jim Bell/Jo Doran and the school will make contact with authorities for further advice.

The principal, assistant principal and/or Child Safety Officer are responsible for:

- promptly managing the school's response to an allegation or disclosure of child abuse and ensuring that the allegation or disclosure is taken seriously.
- responding appropriately to a child who makes or is affected by an allegation of child abuse. The support of the child/children affected needs to be ongoing with a follow up support plan put in place.
- monitoring overall school compliance with the school's response to incidents procedures.
- managing an alternative procedure for responding to an allegation or disclosure if the person allocated responsibility under Ministerial Order clause 11 (3) (c) (i) i.e. promptly managing the school's response to an allegation or disclosure of child abuse and ensuring that the allegation or disclosure is taken seriously; cannot perform his or her role. Fulfilling these roles and responsibilities contained in the procedure, the principal, assistant principal or Child Safe Leader does not displace or discharge any other obligations that arise if a person reasonably believes that a child is at risk of child abuse.

If physical and/or behavioural indicators lead you to suspect that a child has or is being abused, or is at risk of abuse, you must respond as soon as practicable, by following these four key steps:

All reporters who form a belief on reasonable grounds that a child or young person:

- is in need of protection from physical injury or sexual abuse must report their concerns to DFFH Child Protection or Victoria Police.
- is displaying sexually abusive behaviours and is in need of therapeutic treatment should report their concerns to DFFH Child Protection.

The reporter must:

- make a report as soon as practicable.
- make a report on each occasion that they form a belief or
- ensure that a report has been made in instances where another mandated reporter has undertaken to make the report.

#### FAILURE TO PROTECT and FAILURE TO DISCLOSE OFFENCES

Any staff member or person associated with the school (e.g. visitor, contractor, maintenance worker etc.) who forms a reasonable belief that a sexual offence has been committed in Victoria by an adult against a child under 16 must disclose that information to police.

Failure to disclose the information to police is a criminal offence, unless a reasonable excuse has been formed such as:

- information has already been reported to DFFH Child Protection.
- fear for own or others' safety.

The offence applies to all adults in Victoria, not just professionals who work with children.

If an adult fails to take reasonable steps to protect a child from harm and/or fails to disclose, this may amount to a criminal offence. Refer to the Department of Justice fact sheets on FAILURE to Protect and Failure to DISCLOSE for further information.

If you need to report a child in immediate risk or danger of a sexual offence, please call triple zero (000).

#### Reducing or removing the risk of child sexual abuse posed by an adult associated with Brentwood Park Primary School.

If required, the principal (or assistant principal) may need to take reasonable steps to reduce or remove a known substantial risk that an adult associated with their organisation will commit a sexual offence against a child.

### Examples could include:

- A current employee who is known to pose a risk of sexual abuse to children in the organisation should be immediately removed from contact with children and reported to appropriate authorities and investigated.
- A community member who is known to pose a risk of sexual abuse to children should not be allowed to volunteer in a role that involves direct contact with children at the organisation.
- A parent who is known to pose a risk of sexual abuse to children in a school should not be allowed to attend overnight school camps as a parent helper.
- Removing a suspected adult from child-related work pending investigation.

### Action/notification to DFFH Child Protection must occur if a 'reasonable belief' has been formed. For example, a 'reasonable belief' might be formed if:

- a child states that they have been physically or sexually abused.
- a child states that they know someone who has been physically or sexually abused (sometimes the child may be talking about themselves).
- someone who knows a child states that the child has been physically or sexually abused.
- professional observations of the child's behaviour or development leads a professional to form a belief that the child has been physically or sexually abused or is likely to be abused.
- signs of abuse lead to a belief that the child has been physically or sexually abused.
- there are indications that a child is being groomed.

### Notification

- South Provision Child Protection 1300 555 526
- After hours-13 12 78

### For Victorian government schools, the allegations must be reported to the:

- principal or member of the school leadership team.
- Department's Security Services Unit on (03) 9589 6266.
- relevant Regional Office (where applicable, the Koori support officer is to be notified).
- Student Critical Incident Advisory Unit on (03) 9637 2934 or (03) 9637 2487.

In the case of international students, the principal must notify the International Education Division on (03) 9637 2990 to ensure that appropriate support is arranged for the student.

### Interviews

DFFH Child Protection and/or Victoria Police may conduct interviews of children and young people at the school without the parent's knowledge or consent.

Interviewing children and young people at school should only occur in exceptional circumstances and if it is in the best interests of the child to proceed in this manner.

DFFH Child Protection and/or Victoria Police will notify the principal or a member of the leadership team of their intention to interview the child or young person on the school premises.

When officers from DFFH Child Protection or Victoria Police come to the school premises, the principal or a member of the leadership team should request to see identification before permitting them to have access to the child or young person.

When a child or young person is being interviewed by DFFH Child Protection and/or Victoria Police, school staff must arrange to have a leadership team member present with the child or young person.

### Support for the child or young person

The roles and responsibilities of staff members in supporting children who are involved with DFFH Child Protection may include the following:

- acting as a support person for the child or young person.
- attending DFFH Child Protection case planning meetings.
- observing and monitoring the child's behaviour.
- liaising with professionals.

### Requests for Information

DFFH Child Protection and/or Child FIRST and/or Victoria Police may request information about the child or family for the purpose of investigating a report and assessing the risk to the child or young person.

In certain circumstances, DFFH Child Protection can also direct school staff and department staff to provide information or documents about the protection or development of the child. Such directions should be in writing and only be made by authorised persons within DFFH Child Protection. For more information see: Requests for Information about Students

### Witness Summons

If DFFH Child Protection makes a Protection Application in the Children's Court of Victoria, any party to the application may issue a Witness Summons to produce documents and/or to give evidence in the proceedings.

### Responding to suspected child abuse: for Victorian schools

The Child Safety Officer will use the template below to document any incident, disclosure or suspicion that a child has been or is at risk of being abused. This document should be used in conjunction with the following: 4 Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse.

Whilst there may be the need to gather the information to make a report, remember it is not the role of school staff to investigate abuse, this is the role of the Victoria Police and/or DFFH Child Protection.

### Recording and retaining the record

The Child Safety Leader will ensure the record of the allegation and the school's response to it is made secure and retained. It is a requirement under Ministerial Order No. 870- Child Safe Standards- Managing the risk of child abuse in schools for schools to keep clear and comprehensive notes on all observations, disclosures and other details that led them to suspect the abuse. The aim is to provide as much information as possible. This information will be critical to any reports and may be sought at a later date if the matter is the subject of Court proceedings. These notes may assist later if required to provide evidence to support any decisions.

Please refer to Appendix D for "Responding to an incident, disclosure or suspicion of child abuse" form.

## **SPECIFIC STAFF CHILD SAFETY RESPONSIBILITIES:**

Brentwood Park has a Child Safety Officer, Jenny Reid, to support the principal to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the Child Safety Officer are outlined at [Guidance for child safety champions](#). The principal and Child Safety Officer are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

#### **THE CHILD SAFETY OFFICER IS RESPONSIBLE FOR:**

- monitoring the school's compliance with the Child Safety Policy. Anyone in our school community should approach the Child Safety Officer if they have any concerns about the school's compliance with the Child Safety Policy.
- informing the school community about this policy and making it publicly available.
- other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

The school has also established a Child Safety and Wellbeing Team. The Child Safety and Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing. The principal class team monitors the Child Safety Risk Register.

#### **CHILD SAFETY CODE OF CONDUCT**

The Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments. We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The [Child Safety Code of Conduct.docx](#) also includes processes to report inappropriate behaviour.

#### **MANAGING RISKS TO CHILD SAFETY AND WELLBEING**

At Brentwood Park we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use. Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our principal class team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

#### **ESTABLISHING A CULTURALLY SAFE ENVIRONMENT**

At Brentwood Park we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following actions to build a strong school culture to support cultural inclusion:

- Provide a welcoming environment for Aboriginal children and support cultural inclusion
- Beginning events and meetings with a Welcome to Country or an Acknowledgement of Country as a standing agenda item.
- Flying the Aboriginal and Torres Strait Islander flags on school grounds.
- Displaying plaques to Acknowledge Country and Traditional Owners.
- Celebrating the local Aboriginal community in communications with students, staff and families. Share information through school newsletters and provision to individual families.

#### ***Guide and train staff and volunteers***

- Staff undertaking Cultural Understanding and Safety Training (CUST).
- Representation at Marrung Network Meetings
- Anthea Barry, First Nations ES staff member presenting Cultural Understanding and Awareness PD to staff at staff meetings.

### ***Build knowledge of Aboriginal culture in school planning and curriculum***

Leading on safety and inclusion for all Aboriginal students and their families. Learning more about Aboriginal histories and cultures, both locally and across Australia. Speaking with respect and confidence about Aboriginal culture, knowledge systems and people. Building schoolwide knowledge of Aboriginal histories, cultures, perspectives, values, skills, and attitudes, through Anthea Barry, First Nations ES staff member presenting talks to Foundation to Year Six classes. Use of Australians Together as a resource.

### ***Partner with Aboriginal communities***

- Forming partnership with Victorian Aboriginal Child Care Agency (VACCA) and welcoming VACCA into the school to assist families.
- Engage with Koorie Education Officer
- Actively address racism

## **STUDENT EMPOWERMENT**

To support child safety and wellbeing at Brentwood Park, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful Relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through implementing our whole school approach to our wellbeing programs: Learning and Growing Together, You Can Do It! and Respectful Relationships, our student Code of Conduct, our school values.

We inform students of their rights through the following policies: [Student Engagement and Wellbeing](#) and [Student Wellbeing and Discipline](#) and our Code of Conduct; and whole school approach to Respectful Relationships and You Can Do It! programs and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Families can report concerns at the office which will be followed up by a principal class officer.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

## **FAMILY ENGAGEMENT**

The families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Brentwood Park we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to be informed of the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- all our child safety policies and procedures will be available for students and parents on the school website.
- Updates in the school newsletter will inform families and the school community about any significant

updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.

- PROTECT Child Safety posters will be displayed across the school.

## **DIVERSITY AND EQUITY**

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

- We recognise that every child has unique skills, strengths and experiences to draw on.
- We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:
  - Aboriginal children and young people
  - children from culturally and linguistically diverse backgrounds
  - children and young people with disabilities
  - children unable to live at home or impacted by family violence
  - international students
  - children and young people who identify as gender diverse

Our [Student Wellbeing and Engagement Policy](#) provides more information about the measures we have in place to support diversity and equity.

## **SUITABLE STAFF AND VOLUNTEERS**

At Brentwood Park, we apply robust child safe recruitment, induction, training, and supervision practices to ensure that all staff, contractors, and volunteers are suitable to work with children.

### **STAFF RECRUITMENT**

When recruiting staff, we follow the Department of Education and Training's recruitment policies and guidelines, available on the Policy and Advisory Library (PAL) at:

- [Recruitment in Schools](#)
- [Suitability for Employment Checks](#)

When engaging staff to perform child-related work, we:

- sight, verify and record the person's Working with Children clearance or equivalent background check such as a Victorian teaching registration
- collect and record:
  - proof of the person's identity and any professional or other qualifications
  - the person's history of working with children
  - references that address suitability for the job and working with children.

### **SUITABILITY OF VOLUNTEERS**

All volunteers are required to comply with our [Volunteers Policy](#), which describes how we assess the suitability of prospective volunteers and outlines expectations in relation to child safety and wellbeing induction and training, and supervision and management.

### **CHILD SAFETY KNOWLEDGE, SKILLS AND AWARENESS**

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Other professional learning and training on child safety and wellbeing, for example, training for our volunteers, will be tailored to specific roles and responsibilities and any identified or emerging needs or issues.

### **SCHOOL COUNCIL TRAINING AND EDUCATION**

To ensure our school council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained annually. Training includes guidance on:

- individual and collective obligations and responsibilities for implementing the Child Safe Standards and managing the risk of child abuse
- child safety and wellbeing risks in our school environment
- Brentwood Park child safety and wellbeing policies, procedures, codes and practices

### **COMPLAINTS AND REPORTING PROCESSES**

Brentwood Park fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's [Complaints Policy](#).

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees) must follow our [Child Safety Responding and Reporting Obligations Policy and Procedures](#). Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our [Student Wellbeing and Engagement Policy](#), [Student Wellbeing and Discipline Policy](#) and [Bullying Prevention Policy](#) cover complaints and concerns relating to student physical violence or other harmful behaviours.

## COMMUNICATIONS

## CHILD SAFETY RESPONDING AND REPORTING OBLIGATIONS AND PROCEDURES (MANDATORY REPORTING) POLICY

### PURPOSE:

The purpose of this policy is to outline the procedures our school has in place to respond to complaints or concerns relating to child abuse and to ensure that all staff and members of our school community understand and follow the various legal obligations that apply to the reporting of child abuse to relevant authorities

All children have a right to feel safe and to be safe. Teachers have a legal and moral responsibility to respond to serious incidences involving abuse and neglect of the children with whom they have contact, and to report instances that they believe involve physical abuse, sexual abuse or neglect.

This policy applies to complaints and concerns relating to child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school (physical and online).

### DEFINITIONS:

#### Child abuse

Child abuse includes:

- physical violence inflicted on a child
- sexual offences committed against a child
- grooming of a child by an adult
- family violence committed against or in the presence of a child
- serious emotional or psychological harm to a child
- serious neglect of a child.

The definition of child abuse is broad and can include student to student incidents and concerns, as well as behaviour committed by an adult.

#### Grooming

Grooming is a criminal offence under the *Crimes Act 1958* (Vic) and is a form of child abuse and sexual misconduct. This offence targets predatory conduct undertaken by an adult to prepare a child, under the age of 16, to engage in sexual activity at a later time. Grooming can include communicating (including electronic communications) and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent or carer.

#### School staff member

For the purpose of this policy a school staff member includes a contractor engaged by the school or school council to perform child-related work.

### IMPLEMENTATION:

Brentwood Park understands the important role our school plays in protecting children from abuse. We have a range of policies and measures in place to prevent child abuse from occurring at our school or during school activities.

#### Information for students

All students should feel safe to speak to any staff member to raise any concerns about their safety or any other concerns that they have.

If a student does not know who to approach, they should start with Jenny Reid, Child Safety Officer. Refer to [Child Safety Policy](#).

#### Identifying child abuse

To ensure we can respond in the best interests of students and children when complaints or concerns relating to child abuse are raised, all staff and relevant volunteers must:

- understand how to identify signs of child abuse and behavioural indicators of perpetrators - for detailed information on identifying child abuse and behavioural indicators of perpetrators refer to [Identify child abuse](#).
- understand their various legal obligations in relation to reporting child abuse to relevant authorities - for detailed information on the various legal obligations refer to Appendix A
- follow the below procedures for responding to complaints or concerns relating to child abuse, which ensure our school acts in the best interests of students and children and complies with both our legal and department policy obligations.

At Brentwood Park we recognise the diversity of the children, young people, and families at our school and take account of their individual needs and backgrounds when considering and responding to child safety incidents or concerns.

### **Procedures for responding to an incident, disclosure, allegation or suspicion of child abuse**

In responding to a child safety incident, disclosure, allegation or suspicion, we will follow:

- the [Four Critical Actions for Schools](#) for complaints and concerns relating to all forms of child abuse
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending
- our [Student Wellbeing and Engagement Policy](#) and [Bullying Prevention Policy](#) for complaints and concerns relating to student physical violence or other harmful student behaviours.

### **School staff and volunteer responsibilities**

#### **1. Immediate action**

If a school staff member or volunteer witnesses an incident of child abuse, or reasonably believes, suspects or receives a disclosure or allegation that a child has been, or is at risk of being abused, they must:

- If a child is at immediate risk of harm, separate alleged victims and others involved, administer first aid (appropriate to their level of training) and call 000 for urgent medical or police assistance where required to respond to immediate health or safety concerns.
- Notify the Child Safety Officer, Jenny Reid, or if not available Mel Dennis, Mental Health and Wellbeing Leader, or a principal class officer as soon as possible, who will ensure our school follows the steps in these procedures.

#### **NOTE for staff and volunteers:**

- if you are uncertain if an incident, disclosure, allegation or suspicion gives rise to a concern about child abuse you must always err on the side of caution and report the concern to Child Safety Officer, Jenny Reid.
- if the Child Safety Officer is unavailable, Mel Dennis, Mental Health and Wellbeing Leader, Jim Bell, principal and or Jo Doran, assistant principal will take on this role.
- if the concerns relate to the conduct of the Child Safety Officer, notify the principal, or if the concerns relate to the principal, notify South Eastern Victorian Region, Dandenong Office by contacting 1300 338 738, who must then take on responsibility for ensuring our school follows these procedures.

Refer to Appendix B for guidance on how to respond to a disclosure of child abuse.

#### **2. Reporting to authorities and referring to services**

As soon as immediate health and safety concerns are addressed, and relevant school staff have been informed, the Child Safety Officer must report all incidents, suspicions and disclosures of child abuse as soon as possible.

The following steps will ensure our school complies with the four critical actions as well as additional actions required under the Child Safe Standards.

The Child Safety Officer must ensure:

- all relevant information is reported to the Department of Families, Fairness and Housing (DFFH) Child Protection, Victoria Police or relevant services where required.
- the incident is reported to the Department's [eduSafe Plus portal](#) or the Incident Support and Operations Centre (1800 126 126) in accordance with the severity rating outlined in the [Managing and Reporting School Incidents Policy](#).
- all [reportable conduct](#) allegations or incidents are reported by the principal to the Department's Employee Conduct Branch (03 7022 0005) – where a reportable conduct allegation is made against the principal, the Regional Director must be informed who will then make a report to Employee Conduct Branch.

NOTE: In circumstances where staff members are legally required to report child abuse to DFFH Child Protection or Victoria Police and they are unable to confirm that the information has been reported by another person at the school or the designated member of school staff does not agree that a report needs to be made, the staff member who has formed the reasonable belief must still contact DFFH Child Protection and Victoria Police to make the report.

If you believe that a child is not subject to abuse, but you still hold significant concerns for their wellbeing you must still act. This may include making a referral or seeking advice from or The Orange Door (in circumstances where the family are open to receiving support) DFFH Child Protection or Victoria Police.

### 3. Contacting parents or carers

The Child safety Officer must ensure parents and carers are notified unless advised otherwise by DFFH Child Protection or Victoria Police, or there are other safety and wellbeing concerns in relation to informing parents/carers.

Principals may contact the Department of Education and Training Legal Division for advice on notifying parents and carers, and where relevant, the wider school community.

For further guidance, refer to [PROTECT Contacting parents and carers](#)

### 4. Ongoing protection and support

The Child Safety Officer must ensure appropriate steps are taken by the school to protect the child and other children from any continued risk of abuse. These steps must be taken in consultation with any relevant external agency or department staff such as DFFH Child Protection, Victoria Police, Legal Division or Employee Conduct Branch. Ongoing protection will also include further reports to authorities if new information comes to light or further incidents occur.

Appropriate, culturally sensitive and ongoing support must be offered and provided to all affected students. Ongoing support will be based on any available advice from the Department, parents and carers, health practitioners, and other authorities (such as DFFH or Victoria Police) and may include referral to wellbeing professionals, development of a safety plan, student support group meetings, and, for student to student incidents, behaviour management and support measures.

### 5. Recordkeeping

The Child Safety Officer will ensure that:

- detailed notes of the incident, disclosure, allegation or suspicion are taken using the *Responding to an Incident, Disclosure or Suspicion of Child Abuse* document including, where possible, by the staff member or volunteer who reported the incident, disclosure, or suspicion to them
- detailed notes are taken of any immediate or ongoing action taken by the school to respond to the incident, disclosure, allegation or suspicion
- all notes and other records relating to the incident, disclosure, allegation or suspicion, including the schools immediate and ongoing actions, are stored securely in a locked office filing cabinet

### **For school visitors and school community members**

All community members aged 18 years or over have legal obligations relating to reporting child abuse – refer to Appendix A for detailed information.

Any person can make a report to DFFH Child Protection or Victoria Police if they believe on reasonable grounds that a child is in need of protection. For contact details, refer to the [Four Critical Actions](#).

Members of the community do not have to inform the school if they are making a disclosure to DFFH Child Protection or the Victoria Police. However, where a community member is concerned about the safety of a child or children at the school, the community member should report this concern to the principal so that appropriate steps to support the student can be taken.

### **Additional requirements for all staff**

All staff play an important role in supporting student safety and wellbeing and have a duty of care to take reasonable steps to prevent reasonably foreseeable harm to students.

Fulfilling the roles and responsibilities in the above procedure does not displace or discharge any other obligations that arise if a person reasonably believes that a child is at risk of child abuse. This means that if, after following the actions outlined in the procedure, a staff member reasonably believes that a child remains at risk of abuse, they must take the following steps:

- if they are concerned that the school has not taken reasonable steps to prevent or reduce the risk, raise these concerns with the principal in the first instance, and escalate to the regional office if they remain unsatisfied.
- report the matter to the relevant authorities where they are unable to confirm that the information has been reported by another staff member

Staff must refer to Appendix A for further information on their obligations relating to reporting to authorities.

### **COMMUNICATION**

This policy will be communicated to our school community in the following ways:

- Available publicly on our school's website
- Included in staff induction processes, included in the Learning and Teaching Folder and annual staff training
- Included in volunteer induction processes and training for relevant volunteers

# APPENDIX A

## LEGAL OBLIGATIONS RELATING TO REPORTING CHILD ABUSE

The following information outlines the various legal obligations relating to the reporting of child abuse to relevant authorities.

It is important to note that the procedures outlined in the above policy ensure compliance with the below reporting obligations, and also include additional steps to ensure compliance with Department policy and our school's duty of care obligations.

### **Mandatory reporting to Department of Families, Fairness and Housing (DFFH) Child Protection**

The following individuals are mandatory reporters under the *Children, Youth and Families Act 2005* (Vic):

- registered teachers and early childhood teachers (including principals and school staff who have been granted permission to teach by the VIT).
- school counsellors including staff who provide direct support to students for mental, emotional or psychological wellbeing, including (but not limited to) school health and wellbeing staff, primary welfare coordinators, student wellbeing coordinators, mental health practitioners, chaplains, and Student Support Services staff.
- nurses.
- registered psychologists.
- police officers.
- registered medical practitioners.
- out of home care workers (excluding voluntary foster and kinship carers).
- early childhood workers.
- youth justice workers.
- people in religious ministry.
- Midwives.

All mandatory reporters must make a report to the Department of Families, Fairness and Housing (DFFH) Child Protection as soon as practicable if, during the course of carrying out their professional roles and responsibilities, they form a belief on reasonable grounds that:

- a child has suffered, or is likely to suffer, significant harm as a result of physical abuse and/ or sexual abuse; and
- the child's parents or carers have not protected, or are unlikely to protect, the child from harm of that type.

A mandatory reporter who fails to comply with this legal obligation may be committing a criminal offence. It is important for all staff at Brentwood Park to be aware that they are legally obliged to make a mandatory report on each occasion that they form a reasonable belief that a child is in need of protection, and they must make a mandatory report even if the principal or any other mandatory reporter does not share their belief that a report is necessary.

If charged with not making a mandatory report, it may be a defence for the person charged to prove that they honestly and reasonably believed that all of the reasonable grounds for their belief had been the subject of a report to child protection made by another person.

The identity of a person who reports any protective concerns to DFFH Child Protection is protected by law. It is an offence for a person, other than the person who made the report, to disclose the name of the person who made a report or any information that is likely to lead to their identification.

At our school, all school staff must undertake the *Mandatory Reporting and Other Obligations eLearning Module* annually.

The policy of the Department of Education (DoE) requires **all staff** who form a reasonable belief that a child is in

need of protection to discuss their concerns with the school leadership team and to report their concerns to DFFH and in some circumstances to Victoria Police, or to ensure that all the information relevant to the report has been made by another school staff member.

Any person can make a report to DFFH Child Protection (13 12 78 – 24 hour service) if they believe on reasonable grounds that a child is in need of protection even if they are not a mandatory reporter listed above.

### **Reporting student wellbeing concerns to Orange Door**

At Brentwood Park we also encourage staff to make a referral to The Orange Door when they have significant concern for a child's wellbeing. For more information about making a referral to Child FIRST/Child FIRST see the Policy and Advisory Library: Protecting Children – Reporting and Other Legal Obligations.

### **Reportable Conduct**

The Reportable Conduct Scheme is focussed on worker and volunteer conduct and how organisations investigate and respond to suspected child abuse. The scheme aims to improve organisational responses to suspected child abuse and to facilitate the identification of individuals who pose a risk of harm to children.

There are five types of 'reportable conduct' listed in the *Child Wellbeing and Safety Act 2005*:

- sexual offences against, with or in the presence of, a child.
- sexual misconduct (which includes grooming) against, with or in the presence of, a child.
- physical violence against, with or in the presence of, a child.
- behaviour that causes significant emotional or psychological harm to a child.
- significant neglect of a child.

A reportable conduct allegation is made where a person makes an allegation, based on a reasonable belief, that a worker or volunteer has committed reportable conduct or misconduct that **may** involve reportable conduct. If school staff or volunteers become aware of reportable conduct by any current or former employee, contractor or volunteer, they must notify the school principal immediately. If the allegation relates to the principal, they must notify the Regional Director.

The principal or regional director must notify the Department's Employee Conduct Branch of any reportable conduct allegations involving current or former employees of the school (including Department, allied health, casual and school council employees), contractors and volunteers (including parent volunteers).

Employee Conduct Branch: 03 7022 0005 or [employee.conduct@education.vic.gov.au](mailto:employee.conduct@education.vic.gov.au)

The Department's Secretary, through the Manager, Employee Conduct Branch, has a legal obligation to inform the Commission for Children and Young People when an allegation of reportable conduct is made.

For more information about reportable conduct see the Department's *Policy and Advisory Library*: [Reportable Conduct](#) and the Commission for Children and Young People's [website](#).

### **Failure to disclose offence**

Reporting child sexual abuse is a community-wide responsibility. All adults (i.e. persons aged 18 years and over), not just professionals who work with children, have a legal obligation to report to Victoria Police, as soon as practicable, where they form a 'reasonable belief' that a sexual offence has been committed by an adult against a child under the age of 16 in Victoria.

Failure to disclose information to Victoria Police (by calling 000, local police station or the Police Assistance Line 131 444) as soon as practicable may amount to a criminal offence unless a person has a 'reasonable excuse' or exemption from doing so.

"Reasonable belief" is not the same as having proof. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds.

For example, a 'reasonable belief' might be formed when:

- a child states that they have been sexually abused.
- a child states that they know someone who has been sexually abused (sometimes the child may be talking about themselves).
- someone who knows a child states that the child has been sexually abused.
- professional observations of the child's behaviour or development leads a mandated professional to form a belief that the child has been sexually abused.
- signs of sexual abuse lead to a belief that the child has been sexually abused.

"Reasonable excuse" is defined by law and includes:

- fear for the safety of any person including yourself or the potential victim (but not including the alleged perpetrator or an organisation).
- where the information has already been disclosed to Victoria Police and you have no further information to add (for example, through a mandatory report to DFFH Child Protection or a report to Victoria Police from another member of school staff).

### **Failure to protect offence**

This reporting obligation applies to school staff in a position of authority. This can include principals, assistant principals and campus principals. Any staff member in a position of authority who becomes aware that an adult associated with their school (such as an employee, contractor, volunteer or visitor) poses a risk of sexual abuse to a child under the age of 16 under their care, authority or supervision, must take all reasonable steps to remove or reduce that risk.

This may include removing the adult (i.e. persons aged 18 years and over) from working with children pending an investigation and reporting your concerns to Victoria Police.

If a school staff member in a position of authority fails to take reasonable steps in these circumstances, this may amount to a criminal offence.

### **Further information**

For more information about the offences and reporting obligations outlined in this fact sheet refer to: [Protecting Children — Reporting and Other Legal Obligations](#).

# APPENDIX B:

## MANAGING DISCLOSURES OF CHILD ABUSE

### Important information for staff

#### *When managing a disclosure relating to child abuse you should:*

- listen to the student and allow them to speak.
- stay calm and use a neutral tone with no urgency and where possible use the child's language and vocabulary (you do not want to frighten the child or interrupt the child).
- be gentle, patient and non-judgmental throughout.
- highlight to the student it was important for them to tell you about what has happened.
- assure them that they are not to blame for what has occurred.
- do not ask leading questions, for example gently ask, "What happened next?" rather than "Why?"
- be patient and allow the child to talk at their own pace and in their own words.
- do not pressure the child into telling you more than they want to, they will be asked a lot of questions by other professionals, and it is important not to force them to retell what has occurred multiple times.
- reassure the child that you believe them and that disclosing the matter was important for them to do.
- use verbal facilitators such as, "I see", restate the child's previous statement, and use non-suggestive words of encouragement, designed to keep the child talking in an open-ended way ("what happened next?").
- tell the child in age-appropriate language you are required to report to the relevant authority to help stop the abuse, and explain the role of these authorities if appropriate (for a young child this may be as simple as saying "I will need to talk to people to work out what to do next to help you")
- Take prompt action in relation to following the procedures outlined below.

#### *When managing a disclosure you should AVOID:*

- displaying expressions of panic or shock.
- asking questions that are investigative and potentially invasive (this may make the child feel uncomfortable and may cause the child to withdraw).
- going over the information repeatedly (you are only gathering information to help you form a belief on reasonable grounds that you need to make a report to the relevant authority).
- making any comments that would lead the student to believe that what has happened is their fault.
- making any promises you will keep the information the student provided confidential.
- making promises to the child about what will occur next or that things will be different given the process can be unpredictable and different for each child depending on their circumstances (instead reassure them that you and others will do your best to help).
