School Council 2026

Victorian government school councils are the legal governing body responsible for setting the long-term vision, direction, and policy of the school. They oversee financial budgeting, school infrastructure maintenance, and community engagement, acting to enhance student outcomes in partnership with the principal.

The School Council does not manage the day-to-day running of the school, for example, it does not employ teaching or support staff, decide which classes students are placed in, sort out issues relating to individual teachers, students and/or parents. Such issues are of a management nature and therefore the responsibility of the principal.

Decisions made by the ***School Council*** of ***Brentwood Park Primary School*** reflect the best interests of the students and support the core business of the school - teaching, learning and student wellbeing.

Recently, the ***Finance Committee*** of school council approved the purchase and installation of 14 durable SMART Board® MX series interactive displays

Designed to maximise student engagement and simplify IT management the durable SMART Board® MX series interactive displays run on the Android 13 operating system and connects to our wi-fi system and features 40 points of touch. Multiple users can write, erase, and touch simultaneously without interfering with each other's work. SMART Ink® brings favourite learning tools and annotations to files, web browsers, and applications – for both Windows and Mac. and are designed to hold student attention and also highlight key concepts with disappearing ink, spotlight and more. iQ works to maximise planning and class time. With built-in activities and teaching tools, it helps teachers to plan and deliver engaging lessons. It's an interactive display designed to make work easier, not more complicated.

School Council 2026

We are currently removing old technology and installing the new with these innovative new boards in the Year Foundation, Year 1, 3AL, 3BC, 4MS and 4SA rooms. Fourteen new boards in total!! Brentwood Park Primary School is moving our students forward with these new boards, enhance learning in the classroom and ensuring our students continue to learn in a technologically rich environment.

Brentwood Park is Going Cashless

This year, our Mother's Day and Father's Day stalls will be moving to a cashless system. This decision has been made for several reasons, including improving safety by removing the need for staff to handle and transport large amounts of cash. As we continue to adapt to an increasingly cashless society, we are confident that this change will enhance efficiency without impacting the overall experience for students. Payments for BPPS tokens will be made via XUNO, and students will receive their tokens prior to attending the stall.

Cultural Diversity Week

Throughout ***Cultural Diversity Week***, a display in our school foyer commemorated the occasion with a visual screening of the song ***"I Am Australian".*** To conclude the week, and at our assembly on the Friday, our student body were encouraged to join in the chorus of the song -

"We are one, but we are many...
And from all the lands on earth we come...
We share our dreams, and sing with one voice ...
I am, you are, we are Australian!"

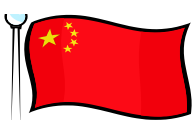
In the foyer, behind our ***Harmony Day*** table, a selection of photographs has captured the transition of Australia and its ***First Nations*** people to the modern Australia, as we know today, following the collective European, Middle Eastern, Asian and African migration of the past 238 years.

Chinese Language and Culture

Following our information night on our forthcoming ***sister school*** and ***cultural visitation*** to ***Jiangsu China*** in October, we have had an incredible response from the students who wish to participate in the program.

Fortunately, our school has an extremely strong relationship with ***Jiangsu-Victoria Centre for International Exchange,*** the agency coordinating the program. Jiangsu Victoria have increased our travelling group to accommodate ***40*** students. This is a wonderful opportunity for students and staff to experience many significant historical and cultural sites and importantly education at ***Yangzhong Experimental Primary School***.

A travelling group of 40 students will require 6 teaching staff.



School Cross Country

On Wednesday, the annual school cross country was held. With pleasant temperatures, blue skies and a cooling wind blowing, the conditions were ideal!

We continue to be extremely fortunate to have access to the oval at ***Kambrya College***. Our competing students may have had the choice of competing in the 3 km run or 1km "fun" run but all were unanimous in the enjoyment of frozen Zooper Doopers to quench well-earned thirsts!

A HUGE THANK YOU is forwarded to our Outside *School Hours Care [OSHC]* provider ***Camp Australia*** for supporting our students' endeavours with the frozen treats!

Easter Raffle

With an abundance of Easter raffle prizes drawn, we again sincerely thank our school families for their support of this major fundraising activity. Although not everyone could take home a prize, all of our students are the beneficiaries of your collective efforts! Additional thanks are extended to the wonderful group of parents who helped prior and on the day of the draw. Acknowledgement and thanks must be forwarded to Kat Oram, Belinda Muller, Christine Young, Jemma Taylor, Pooja Rao, Shannon Brown, Matt Robinson, Sirajum Munira, Mei Yee, Alex Funston, Anna Lumanglas and Biyu.

Rethink! Re-use! Recycle
As a conclusion to their ***Sustainability Unit***, the ***Year 4*** students participated in the ***Rethink Recycling*** incursion. This engaging "hands-on" session helped students deepen their understanding of sustainability, waste reduction and responsible recycling.

Through interactive activities and real-world examples, students explored how everyday choices impact the environment and learnt practical ways they can help care for our planet. The incursion supported the classroom learning and encouraged students to become informed, re4sponsible environmental citizens.

Rethink Recycle
Recycling plastic bottles, particularly through ***container deposit schemes [CDS]***, is a powerful, dual-purpose initiative for schools. It reduces environmental waste while generating funds (10 cents per container) that can be used for school projects, equipment, or charity. It also fosters student leadership, sustainability education, and hands-on environmental stewardship.

Key Benefits of School Plastic Recycling Programs

- ***Fundraising:*** Schools can generate substantial funds by collecting 10¢ refundable containers, turning potential waste into valuable resources for schools.

- ***Environmental Impact:*** Recycling decreases landfill waste, conserves energy, saves water, and reduces the demand for new, raw materials in manufacturing.

- ***Educational Value:*** Programs teach students about the "circular economy," sustainability, and environmental responsibility, making it a practical, hands-on learning experience.

- ***Community Engagement:*** Programs like Return and Earn in Australia show that school-wide efforts encourage families to adopt better recycling habits, extending the impact beyond school grounds.

Brentwood Park Primary School's grounds and maintenance staff member, ***Daryl West*** has proposed the idea which he will willingly coordinate. ***Daryl*** has suggested that we -

- ***Register:*** Register the school with local, authorized container deposit schemes (e.g., Return and Earn or Envirobank).

- ***Set Up Collection:*** Set up designated bins for eligible plastic, glass, and aluminum, and teach students to check for the 10¢ refund label.

- ***Enlist the Support of Student Leaders:*** Empower student "green teams" or eco-councils to manage the collection, fostering leadership.

- ***Deposit & Earn:*** Return bottles to a local depot or utilize collection services to convert them into funds.

As a school community, we can support ***Daryl*** and his efforts by creating a clean stream of materials. As a school community, we can make it easier for items to be recycled into new, usable products!

'Have Your Say' is the title of the year six term one inquiry unit with a focus of Civic and Citizenship. We commenced the term with learning the history of Australia's democratic institutions, systems and representations in government and electoral systems. As the term progressed, we identified the three levels of government; local, state and federal, the roles and responsibilities that are within each level. Bringing all our learning together we undertook an assignment based on the imaginary Wizard World where parties (groups) were formed, policies created to propose the overcoming of four problems arising on the land of Wizard World, voting posters created, maps draw, speeches delivered and preferential voting took place to decide the overall winner. The Wizards of Mystical Cove!!

REGIONAL SWIMMING

On Wednesday, Sean, Kody, Andrew and Adviek demonstrated excellent organisation and teamwork despite some understandable nerves as they represented our school at the Regional Swimming Championships. Drawing lane 8, they knew they would face a tough challenge from the outset. As the race unfolded, it became clear just how competitive the field was.

From the very first leg, the boys showed determination and resilience. Each swimmer gave their all, maintaining strong effort and focus right through to the finish. They ultimately placed 7th. Their commitment and perseverance was commendable.

Andrew also took to the pool for his individual backstroke event. After the race, he remarked on the speed of his competitors, highlighting the level of competition he faced. Undeterred, Andrew delivered an impressive performance, swimming to the best of his ability and securing 6th place. He came very close to finishing 5th, an achievement that reflects his effort and determination.

Overall, it was a fantastic display of sportsmanship and effort from all four boys. They should be proud of their performances and the way they represented our school.

CROSS COUNTRY

Yesterday the annual school cross country carnival was held in magnificent running conditions. We are very fortunate to be able to use the oval at Kambrya College. The day was fantastic with some great running and sportsmanship shown between the students. There are certainly some up and coming runners along with some experienced runners with some eye-catching performances shown by many students.

It was great to see so many students representing their house teams by wearing the associated colours. The new event of the 'Fun Run' was a huge success. Camp Australia provided Zupa Doopers for the entire school, which was greatly appreciated. It was also pleasing to see so many parents and families, coming and supporting the event.

The Kambrya College students were also superb during the day. Everyone's help is greatly appreciated and helped ensure the day ran smoothly.

On 12th May the senior students will compete at district level in the cross country. We wish them the very best! Congratulations to Gardiner House for winning the cross country. The results of the carnival are below:

Big Feelings & Growing Brains

Workshop: Clyde North

For parents with primary aged children

Understanding Your Child's Behaviour and Emotional Development

Ever wondered *why* your child acts out, melts down, or doesn't listen, no matter how many times you ask? This practical and supportive workshop will help you understand what's going on in your child's brain and how their behaviour is often a message, not misbehaviour.

We'll explore how the brain grows, why big feelings can take over, and how parents can respond in calm and helpful ways.

In this workshop, you'll learn how to:

- Understand your child's brain and behaviour
- Make sense of BIG emotions
- Respond with connection instead of conflict
- Look beneath behaviour to discover the real needs
- Walk away with easy, everyday strategies you can use at home

Please note: This program is for caregivers residing in the City of Casey, Cardinia Shire, and Greater Dandenong who have at least 50% custody. Please be aware that children cannot attend the sessions, and childcare services are not provided.

TUNING INTO KIDS

Emotionally Intelligent Parenting

PARENTING IS ONE OF THE TOUGHEST JOBS YOU WILL EVER DO...WITHOUT ANY TRAINING!

Would you like to learn to:

- Be better at talking to, and understanding, your child/ren?
- Help your child/ren manage their emotions?
- Address and/or prevent behaviour problems?
- Teach your child/ren to deal with conflict?

If you answer is "yes" to any of these questions, this six-week, Tuning in to Kids program helps you to help your child/ren to develop emotional intelligence.

Did you know: Emotional intelligence may be a better predictor of academic and career success than IQ?!
